# About Us

PT Cipta Langgeng Kreasi is the only Indonesian company with total solution in computer colour matching workflow. Starting our business in Jakarta in 2003, we are currently in collaboration with five world-big brands to provide one-stop service in colour needs to more than two-hundred customers.

With dedicated team and services, we still continue to expand our distribution network and development of technology. We are confident we will be a leading solution distribution company in Indonesia.

# Company Milestone

2024

We are a committed dealer for 5 prestigious brands and provide one-stop solution for more than 200 customers; and we are still expanding.

2009

We became Master dealer for Golden Colour dispensing system in Asian region outside China. We also have other important projects with X-rite, IGT, & Yamada.

2005

It's Golden Year for us. We became direct dealer for prestigious brands; e.g: X-rite & IGT.

2003

The year of company establishment. We began with promoting Spectrophotometer from X-Rite.

## VISION

To become a leading company in providing the best value and solution in distribution services.

## Our Mission

Increasing efficiency of work flow and treat customers with respect, warmth, and honesty. We are always updated with technology and we make innovation for a better future.

# OUR PRINCIPALS

X-Rite is a well-known brand from USA focusing on Graphic Arts and Packaging.
